5. AIM/OBJECTIVE (Give brief description of Aims/Objectives of organisation)

The aim of the Giralang Primary School Parents and Citizens Association is for parents and interested citizens from the community to work together to create an environment and sense of community in the school which enhances the children's education. _____

6. PURPOSE OF GRANT (Give specific details of intended use of Grant) \$ 1,000 _____ (grant amount applied for)

This grant would assist the P & C of the school to buy a playpen, floor mats, portable TV/DVD player and toys for children who accompany their parents when volunteering in the schools canteen. Currently parents with young children are not able to volunteer, as children are not permitted in the canteen due to OH&S requirements. These parents would greatly benefit from the items requested as the playpen and equipment can be set up in an adjacent, visible area near the canteen, children will be safe, entertained and within easy access to parents. This will allow parents to volunteer their time in the canteen and enjoy the experience without being concerned for their children. Parents can often feel isolated at home with young children so the canteen can provide a valuable experience of social inclusion and community participation. The school in turn greatly benefits from parent volunteers as without them the school canteen would close. _____
